

Counseling and Guidance

Counseling and Guidance helps student to improve their academic performance as well as to make them understand how to manage & deal with emotional conflicts. We focus to give wings to the dreams of children through vocational & career- orientated guidance so provides Information about competitive exams, jobs, career-scopes, class room interview preparations & the process of achieving their goal. Make the student mentally prepared for dreams and polish skills to reach a determined goal. We aid children for study habits or effective techniques, time management, personality development & dealing of examination anxiety.

Adolescence Education Program activities also planned in rationale, conceptual underpinnings and implementing every year. These activities runs to promotes positive and responsible relationships among students, to develop understanding of the process of growing-up and dealing of adolescence challenges, Prevention of substance misuse and prevention of HIV and AIDS.
